

Discover a new career path or create additional profit for your business by integrating Colon Hydrotherapy. A growing profession supporting many health conditions NATURALLY and EFFECTIVELY.

Colon Hydrotherapy is the infusion of warm, purified and temperature regulated water into the large intestine (colon), the waste is hydrated, softened, resulting in evacuation through natural peristalsis. This is repeated several times during the session.

There are two professional methods of administering Colon Hydrotherapy, they are known as the open or closed systems. The International Association for Colon Hydrotherapy (I-ACT) represents both open and closed methods and it is a therapist's personal choice to which they choose to operate which can be either or both.

Our Colon Hydrotherapy School teaches using the LIBBE open device, we are also certified trainers for the Angel of Water open system Device. The open system infuses gravity feed, temperature regulated water via a pencil thin tube which you will self-insert in private after your consultation and instructions from a certified therapist.

See our YouTube video called "[Discovering Colon Hydrotherapy](#)" By Gumtree Retreat.

Colon Hydrotherapy or colonics as modern terminology refers it to dates back thousands of years to Egyptian times. It has been referred to by many names such as high enema and colon irrigation. This powerful treatment may assist the cleansing of the gut, and aid the body in restoring, boosting overall health and wellbeing.

Modern Colon Hydrotherapy treatments use FDA/TGA registered equipment operated by certified personnel. The procedure is private, safe and effective when standard operating procedures, regulations and guidelines are followed. Colon Hydrotherapy is becoming increasingly popular with health professionals including integrative Doctors.

Hippocrates said, "all disease begins in the gut" and recent scientific studies are proving that the health of the gut is the source of our ailments. The significance of Gut health and in addition the Microbiome is the core for overall health. The gut is like a central dashboard within the body, constantly influencing systems such as your immune system, your nervous system, your skin, your heart and of course your brain. If there are imbalances or malfunctions in the central dashboard you can expect malfunctions in the parts reliant on the proper functioning of it.

Colon Hydrotherapy plays a significant role in supporting gut health, cleansing, health maintenance, immunity, gut/brain connection, fitness and beauty.

Colon Hydrotherapy may be beneficial in the relief of many health conditions including:

- Constipation relief
- Bloating and gas
- Backaches
- Headaches
- Diarrhoea
- Poor digestion
- Irritable Bowel Syndrome (IBS)
- Skin conditions
- Irritability
- Difficult weight lost
- Insomnia
- Hypertension
- Arthritis
- Distended abdomen
- Chronic fatigue
- Depression
- Frequent colds
- Foul body odour
- Allergies
- Bad breath
- Asthma

Becoming an I-ACT certified Colon Hydrotherapist:

By becoming an I-ACT certified Colon Hydrotherapist you have the opportunity to accelerate the natural healing of your clients/patients and start a new exciting business venture. Investing in a certification as a professional Colon Hydrotherapist sets you up with the knowledge you require to integrate this powerful therapy. In our training program you will be certified to use TGA and FDA registered professional equipment or if you are purchasing an Angel of Water device we will provide additional onsite device training at your clinic.

About I-ACT:

I-ACT is the International Association for Colon Hydrotherapy. Based in the USA, I-ACT has set the professional standards as the premier professional organisation for Colon Hydrotherapy worldwide for over 35 years.

Being a full member of I-ACT ranks you with well-educated Colon Hydrotherapists nationally and internationally. I-ACT establishes the training standards, professional guidelines and is committed to work with the FDA, CE & TGA, international organisations, states and municipalities to sustain the safety of Colon Hydrotherapy.

Along with the incredible support and networking, your international membership entitles you to be certified to work professionally, internationally and receive many benefits such as discounts on seminars, conventions, educational training, the purchasing of colon hydrotherapy equipment and liability insurance discounts.

I-ACT – Pre-requisites for Certification

Each student MUST have a high school diploma or equivalent requirements showing they have achieved high school graduation standards.

Each student MUST show proof that they have taken a CPR Class and have a current CPR card. This MUST be completed to gain certification, it is strongly recommended this be accomplished before entering training.

I-ACT recommends that each new student receive 1-3 colonics prior to entering training. This recommendation can be waived if the student has contraindications to receiving colonics.

I-ACT has 4 levels of certification.

Colon Hydrotherapy Training - Allows you to practice professionally

Intermediate Level - Refer to I-ACT website for details

Advanced Level - Refer to I-ACT website for details

Instructor Level - Refer to I-ACT website for details

Syllabus details for other levels are available upon request or available on the I-ACT website.

www.i-act.org

"Colon hydrotherapy, is a safe, effective method of removing waste from the large intestine, without the use of drugs. By introducing filtered and temperature regulated water into the colon, the waste is softened and loosened, resulting in evacuation through natural peristalsis. This process is repeated a few times during a session."

Beverley Blass I-ACT President

Your Certified Trainers:

Bringing over 30 years of professional experience in the holistic health care profession, Michelle and Andrew will share and inspire you with the powerful effects of internal and external cleansing.

Both Michelle and Andrew are the Australasia educators for the colon hydrotherapy LIBBE device, FDA registered colon hydrotherapy equipment. Certified instructors for the Angel of Water device, TGA and FDA registered colon hydrotherapy equipment. They are both certified National Board Colon Hydrotherapist (NBCHT) in the USA.

Additionally, they have years of experience in natural therapies such as massage, reflexology, aromatherapy and beauty therapy that they use to facilitate detoxifying and cleansing retreats.

As managers of the Colon Hydrotherapy department at Tony Robbins' Life & Wealth Mastery Programmes in Fiji, USA and Europe since 2005, they have conducted tens of thousands of treatments during this time. This lifetime worth of experience will be shared with you during your Colon Hydrotherapy training program.

Michelle is a certified Colon hydrotherapy Instructor for the International Association for Colon hydrotherapy (I-ACT) and was awarded 2012 I-ACT Instructor of the year. Andrew is a certified Colon Hydrotherapist at Advanced Level for the International Association for Colon hydrotherapy (I-ACT).

30	\$2400.00	\$300.00	\$2100.00	\$109200.00

Angel of Water Colon Hydrotherapy System: www.lifestream.systems

The Angel of Water's advanced design now brings elegance, simplicity and dignity to colon hydrotherapy. The Angel of Water Surround, a gravity-fed open design, is the premier colon hydrotherapy system and is the first choice for hospitals and clinics around the world. Whether used prior to endoscopic or radiological exam, as a pre-operative preparatory procedure, or for preventative maintenance programs, the Angel of Water is the safest, simplest and most effective solution for irrigating the colon.

Student Testimonials:

I also wanted to give you some feedback regarding my time with you and the training. Your ability to run an intense training whilst running a family life as well is impressive and you did well. I felt I was being looked after and really appreciated your level of care and your willingness to go the extra mile to cater for us. You two make a great team that is professionally and also personally as long as the responsibilities are clearly defined and equally valued. To feel as comfortable as I did speaks for you and your program. Congratulations! The food was delicious, the treatments helpful, the info in depth and the delivery clear.

So all in all my friends a job well done!!

With Love

After having completed the 10 days of colon hydrotherapy training course with Michelle and Andrew I feel completely transformed. Not only do I physically feel amazing my whole view on colonics has totally changed. I went from liking the concept of a colonic but hating the actual experience of them to completely loving it!!

I feel very blessed to have had the opportunity to learn from such amazing people, their humour and kindness will not be forgotten and I can't recommend them enough.

Karly Campbell
Naturopath

Hope this is helpful for you, please feel free to drop us an email or phone if you have any further questions.

Looking forward to hearing from you.
